MADE IN TURKEY 

PLASTLOCK 

[WWW.PLASTLOCK.COM](http://WWW.PLASTLOCK.COM)

**SAFETY EMERGENCY TRAINING**

1. Before starting the machine, the operator must read and understand the safety instructions and warnings.

2. The operator must be trained and authorized to operate the machine. The operator must be at least 18 years old.

3. The operator must be familiar with the machine's controls and functions.

4. The operator must be familiar with the machine's safety features and emergency stop procedures.

5. The operator must be familiar with the machine's maintenance and repair procedures.

6. The operator must be familiar with the machine's electrical system and safety features.

7. The operator must be familiar with the machine's mechanical system and safety features.

8. The operator must be familiar with the machine's hydraulic system and safety features.

9. The operator must be familiar with the machine's pneumatic system and safety features.

10. The operator must be familiar with the machine's cooling system and safety features.
